## CONGRESS GETS MEDIUM INCOME HOUSING BILL

Administration Offers  
Plans to Spur Building  
With Federal Loans

WASHINGTON, Jan. 6 (AP)—A new multi-billion dollar housing program to spur construction of homes for people earning between \$2000 and \$5000 a year was introduced in Congress today.

No direct Federal loans are provided in the administration measure. It would authorize long term mortgage guarantees totaling \$2,250,000,000 to co-operatives and other non-profit organizations which would undertake the actual construction.

The new program was offered as a supplement to the public housing plan Congress approved the past year to aid families making less than \$3000 annually.

Twin bills to carry out the proposal were presented in the House and Senate by Rep. Spence (D-Ky) and Senator Maybank (D-SC), the members of the two banking committees. Earlier this week, they went over details of their plan with President Truman who said in his State of the Union message that government action is needed to encourage private industry to build more homes for people with moderate incomes.

THE BILL'S SPONSORS gave this explanation of how it would work:

1. A new government agency, the National Mortgage Corporation for Housing Co-operatives, would be set up to direct operations under the general supervision of the present housing and home finance agency headed by Raymond Moley.

2. The new corporation would be financed initially by a \$100,000,000 advance from the Treasury, plus \$50,000,000 provided by housing co-operatives and private individuals.

3. Underwriting authority for the mortgage guarantees would be limited to \$800,000,000 for the first year, but could be increased the second year to a \$2,000,000,000 total upon approval of the President.

4. The agency would be authorized to make "preliminary advances of funds" to help the housing co-operatives organize and draw up their project plans. These advances could amount to from 3 percent to 5 percent "of the estimated development cost" of the construction.

5. The mortgage loans would cover up to 95 percent of value and run for as long as 50 years at low interest rates—about 3 percent.

6. The government's initial \$100,000,000 investment eventually would be replaced with private capital supplied through sale of stock in the corporation. The participating co-operatives would be required to subscribe to the capital stock in an

## President's Message Foresees \$1000 Rise In Family Incomes

WASHINGTON, Jan. 6 (AP)—President Truman told Congress today the nation's current prosperity can be expanded to provide a \$1,000-per-family rise in income within the next five years.

This, he attained, would put the income of the average family above \$3,000 a year—a figure which used to be considered the mark of a "successful" man.

Keyed with that shining prospect, the President set a five-year goal of 64,000,000 jobs, a \$300,000,000 annual output, and looked forward to the eventual "elimination of poverty."

Employment in 1949 averaged 58,700,000; and production was about \$259,000,000,000.

Mr. Truman gave his views on the nation's future in his annual economic report to Congress—a message glowing with confidence.

BUT HIS WORDS failed to impress his Republican critics on Capitol Hill. They said the White House is operating a "promise market" and declared that if the present "Socialistic" trend continues the promises will be paid off in 50-cent dollars.

Mr. Truman wrote: "Our economic situation today is good, and it can be better. The lessons of the past and the magnificent challenge of the future continue to spur us on."

He told the lawmakers that the nation's economy has surged back strongly to "firmer ground" after the mid-year dip in 1949.

## Opens Orthodox Christmas Celebration

The blessing of bread and the anointing of members of the congregation with Holy Oil marked the Christmas Eve vespers services conducted by the Rev. Jonah Milasevich, rector, at Holy Trinity Russian Orthodox church last night. The Rev. Milasevich is shown as he opened the services beginning the Christmas celebration. The holiday follows that of other Christian churches because of the difference in the Julian calendar used by the orthodox church.

## LEWIS IS SUED BY OPERATORS

Ohioans Seek Eight Million,  
Contend He Has No Right  
To Set Three-Day Week

COLUMBUS, O., Jan. 6 (AP)—The right of John L. Lewis to restrict his miners to a three-day work week was challenged today by nine Ohio coal mines operators. They asked \$8,872,000 damages.

The operators filed separate suits in Common Pleas courts at Columbus and at Cambridge, Ohio.

They split their attack against Lewis and his handling of the United Mine Workers union into two parts:

First, they contended previous 1949 work stoppages, strikes and current short work week have caused them "severe losses."

For this they asked double damages under an Ohio anti-trust law.

Second, they asked the court to bar members of UMW from obeying Lewis' orders for a restricted work week.

Another suit was filed against Lewis today in Washington. The National Labor Relations board asked the Federal Circuit Court of Appeals there to enforce a NLRB order prohibiting the UMW chief from seeking an illegal union shop contract in the industry.

The NLRB ruled the past year that the union shop clause in the UMW's 1948 contract violated the Taft-Hartley law. The law says a union shop contract—but only after it is approved by workers in a NLRB election.

THE DAMAGE suits were directed against Lewis' top UMW officers and both the National and District union treasuries.

The injunction petitions were directed against members of the union.

The companies and the amounts they asked:

Pittsburgh Consolidation Coal company, \$2,222,000; the Y. and O. Coal company, \$800,000; the Jefferson Coal company, \$420,000; the Warner Coal company, \$1,100,000; and the Cadiz Mining company, \$240,000.

These suits were filed in Guernsey county Common Pleas court at Cambridge.

New York Coal company, \$350,000; the Powhatan Mining company, \$1,700,000; Lorain Coal and Dock company, \$890,000; and Sunnyside Coal company, \$1,100,000. These suits were filed in Columbus.

## Surgeons' College Okay Both Local Hospitals

Both the Pottstown and Memorial hospitals have received full approval of the American College of Surgeons, it was announced yesterday.

The hospitals were granted the approval of the national group after an exhaustive study of their standards by the board of regents of the college conducted in December.

Approval is granted only after facilities are graded on a point basis for modernization, personnel and care provided.

## Orthodox Church Marks Opening of Yule Season

Christmas will be celebrated in Pottstown for the second time today by members of the congregation of Holy Trinity Russian Orthodox church.

Their holiday observance follows the celebrations in other Christian churches because the Orthodox church still uses the old-style Julian calendar.

A liturgy at 10 o'clock this morning, honoring the birth of Christ, will be followed by a general prayer asking blessings on the people of the world.

Afterwards, the 30-member church choir will visit the homes of worshippers, joining in carols and in holiday celebrations.

The observance of the holiday began with Christmas Eve vespers conducted by the Rev. Jonah Milasevich, rector, in the church last night.

SEVENTY MEMBERS of the congregation attended the services at which holy bread was blessed and distributed among the people.

Each member of the congregation joined in kissing the Holy Scriptures and received the blessing of the Rev. Milasevich, who anointed their foreheads with Holy Oil.

The service lasted almost two hours, since the members attending followed the vespers with the singing of Christmas carols, or "Koladaiki."

## Elderly Man Collapses On Washington Street

Alex Kondrashe, 74, of 421 Water street, collapsed on South Washington street near High at 3:45 o'clock yesterday afternoon, apparently of a heart attack.

He was taken to Memorial hospital in a Good Will ambulance by Rollin Klink, and admitted after being given first-aid treatment.

Hospital officials said last night the elderly man, who is Russian, and has no known relatives in this area, was "resting comfortably."

He rooms alone at 421 Water street, where the other residents watch out for him.

## 'Flying Arrow' Braves Mine Blockade In Run to Communist-Held Shanghai

ABOARD AMERICAN FREIGHTER FLYING ARROW, Saturday, Jan. 7 (AP)—This 14,000-ton cargo ship sailed shortly after midnight this morning for Red Shanghai, whose waters the Chinese Nationalists claim to have mined.

The voyage of about 800 miles normally would require about three days for a freighter.

The Flying Arrow carried a cargo worth \$10,000,000, 12 passengers and a crew of 43.

Eleven American members of the crew were permitted to sign off in Hong Kong, being replaced by British and other foreign sailors.

THE U. S. STATE department gave special permission for signing-off only crew members who did not want to run the risk.

"We are not bluffing when we say the approaches to Shanghai have been mined," a Nationalist navy spokesman told the Associated Press on Formosa.

## Griffith Hits Crime Wave, Calls for 'Greater Efforts'

Burgess, William A. Griffith last night urged Pottstown's police force to make "greater efforts" to stop the current wave of burglaries, which totaled nine in 30 days.

In his brief personal talk in borough hall he warned that the unsolved robberies were hurting the town's good name and that if such things weren't solved, police probably would be confronted with even more of them.

He also told police not to let "outside activities" interfere with their police work and urged them to treat the public with courtesy.

Burgess Griffith took pains to point out that he was not trying to pin all the blame on the patrolmen. He said he, himself, might have been remiss and said the same thing applied to unnamed "superiors."

Every patrolman, two plainclothesmen, four sergeants and two special officers were on hand promptly

at 5:45 o'clock in the burgess' office in borough hall. On hand, too, was Chief of Police James A. Laughead. All listened silently.

Burgess Griffith's talk, though sprinkled with generalized compliments, was more pointed than the first such speech made by him. That one was delivered, Feb. 4, 1949.

THE CENTRAL THEME of this earlier talk was "harmony," a theme which was given scant mention last night.

During his 1949 speech, the burgess asked several times whether they agreed with him, and they chorused "Yes." This time, he did not use any such "pep rally" techniques.

And in 1949, the burgess coupled his plea with (Continued on Page Seven)

## BOROUGH IS TOPS IN TOY CAMPAIGN

Local Contributions Lead  
This Section of State;  
Gifts Continue to Pour In

Pottstown's youngsters have contributed the largest shipment of toys yet received from this section of Pennsylvania in Operation TOT, officials of Pier 38, Philadelphia, announced yesterday.

Members of the George A. Amole Post 47, American Legion, and its auxiliary also received commendations for having the best packed Tide of Toys shipment received at the pier.

The first eight cases of toys contributed by Pottstown school children to unfortunate children in non-Communist European countries rolled out of the borough at 4 o'clock yesterday morning.

They were hauled to the pier in a truck donated by Raden's wholesale Fruit and Produce, 446 High street, Philip Raden, driver of the truck, said Pottstown's contribution was first in line, and first to be unloaded by stevedores working on the pier.

"POTTSTOWN'S kids really came through," Raden remarked. "Some of those boxes were so heavy even the fellows unloading them needed extra help."

And the toys continued to flood in. Another two truckloads were collected from borough schools during the day, with promises of more to come next week.

Since only two of the original ten crates made of lumber donated by the Legion remained, it was necessary for William Wagner, school district maintenance chief, to put together five more to hold (Continued on Page Seven)

## Nurse Slightly Hurt As Car Leaves Road, Hits Telephone Pole

A 22-year-old nurse at the Pottstown hospital suffered injuries of the right shoulder early this morning when the car she was driving skidded out of control on Route 100, burst through a guard rail, and struck a telephone pole.

The nurse, Abbie Yeager, Phoenixville RD 2, was driving south on the wet highway when her car went into a skid.

It swung in a complete circle, crushing the left front fender, hood, and door against the pole which snapped at the base.

The car, its impetus barely slowed, spun again, ending up finally in the southbound lane of traffic facing north. It was about 30 feet from the point at which it struck the pole.

North Coventry Chief of Police Daniel W. Guldin and State police of the Devon barracks investigated the crash.

Miss Yeager, who complained of pain in her right shoulder, was taken back to the Pottstown hospital for medical treatment. She had been on her way home when the accident occurred at 12:25 o'clock.

## Hot Lunch Subsidy Okayed for Schools

A school lunch subsidy program has been approved for Pottstown. It will be put into effect in the Junior and Senior High schools in the near future.

Miss Frances L. Hoag, chief of the School Lunch and Nutrition division, Department of Public Instruction, disclosed by telephone from Harrisburg yesterday afternoon that Pottstown's application for the subsidy had been received and approved.

As soon as Dr. Frank M. Haist, superintendent of schools, had verified the approval, he said, "the cafeteria people will start just as soon as they possibly can."

Applications from the Pottstown school district were for participation by 300 of the 950 Junior High school boys and girls and by 200 of the 708 Senior High school students, Miss Hoag said.

BUT APPLICATIONS for the local elementary schools called for participation by "less than 10 percent of the enrollment," Miss Hoag declared.

"I don't know why such a small participation in the elementary schools was requested," she said, "but we didn't approve them. It simply wouldn't be worthwhile."

As a matter of fact, the nearly one-third participation in the upper schools was not wholly what Department of Public Instruction officials wanted.

But as Miss Hoag explained, "We are approving the plans in the Junior and Senior High schools as a start."

"It will be up to the school to build up the participation and to make this a real educational program in nutrition. The parents and teachers will all have to help."

IN BOTH THE Junior and Senior High schools, the subsidy plans will be half the full lunch type (Plan A) and half the milk type (Plan C).

Plan A calls for the sale of balanced platters to boys and girls for 25 cents, with the Federal Department of Agriculture, through the Pennsylvania Department of Public Instruction, paying the schools an additional nine cents for each lunch platter served.

The platters will have to meet certain government specifications as to variety and nutrition value.

Plan C calls only for the payment by the government of two cents for each bottle of milk sold at lunchtime to boys and girls who bring their lunches.

THIS WILL MEAN that the youngsters will have to pay only five cents for a half-pint bottle of milk, Miss Hoag said, "since this is not a profit-making plan."

In the elementary schools, only the milk program would have been called for, but since participation of fewer than 50 children was asked for in some of the schools, Miss Hoag (Continued on Page Seven)

## Weather Sets 4th New High; Cold Coming

Pottstown loafed through its fourth consecutive day of record heat yesterday as the mercury hit 68 degrees.

But after two predictions that bounced, the weatherman was prepared to take his oath that cold weather will be here today.

The cold air mass which got hung up in the Appalachians in its eastward march will reach Pottstown today, limiting the mercury to a 45-degree high.

Rain, which began yesterday afternoon, will end this morning, he said. The skies will clear tonight and tomorrow will be fair and cold, the prediction added.

YESTERDAY'S high temperature of 68 degrees was registered between 3 and 4:30 p. m. It broke the previous record of 62 degrees, established in 1946.

RECORDS FOR the past three days were, in order, 64, 69 and 67. The four-day record streak does not set a new mark for the number of consecutive record-breaking days. That honor belongs to June 2 through 7, 1925, which were the hottest of their kind in history.

Yesterday began with fog; partially cleared and finally produced .08 inches of gentle rain by midnight last night.

Throughout the nation, meanwhile, floods grew worse in Indiana, Illinois and Missouri and Army garrisons were ordered to help in strengthening the levees along the Wabash river.

## School Board to Face Lion's Share Of Rutter's Bill in The Hill Tax Case

Pottstown's school board will be confronted Monday night with the lion's share of Attorney Carroll L. Rutter's \$1000 bill for "extraordinary" services in pushing the legal fight to remove The Hill from the tax-exempt list.

This was predicted last night by members, who pointed out that Rutter has sent the bill to the school district.

School board solicitor and former borough solicitor, Rutter already has asked the borough to pay \$378.38 of the \$1000. This would leave the school board's share at \$621.62.

## SHERIFF'S AIDES ACT ON ORDERS OF HOUSING HEAD

Tenants Told to Vacate  
By Jan. 16 or Trucks  
Will Be Backed to Doors

Four residents of Penn Village received still another threat yesterday to "get out or we'll move you out."

The four tenants who already had received eviction notices were told by deputies from the Montgomery county sheriff's office that if they did not move out voluntarily, trucks would be backed up to their doors on Monday, Jan. 16.

They also said the deputies would return on Friday to see if they had gone or were making preparations to go.

The deputies were acting on orders of the Montgomery County Housing authority, and the eviction notices have been initiated by Edmund J. Koser, executive secretary of the authority.

The four who were warned again yesterday were Mr. and Mrs. Anthony Passante, 36 Scott street; Mr. and Mrs. Eugene P. Lunn, 31 Scott street; Mrs. James Good, 33 Scott street; and Mr. and Mrs. Tom J. Bonta, 31 Myrtle street.

KOSER SAID the Lunn and Bonta families were being evicted because their incomes exceeded the government-imposed limitations for tenants of a low-rental housing project.

He declined, however, to say why the Passante and "Good" families were being forced out.

Mr. and Mrs. Good have two daughters, the youngest born only the past July, while Mr. and Mrs. Passante are the parents of four children.

Both families are behind in their rent, Koser said, but he admitted both had offered to pay back rent, and that he had refused it.

"I can't say why they're being evicted," the public housing official declared.

KOSER SAID that the high-income families had received repeated warnings during the past two or three years, and that gradually, the number of over-income tenants had been cut down to 20 at Penn Village.

There are no income limitations (Continued on Page Seven)

## Merkel Seen Certain For Re-election as Health Board Head

Dr. Ralph H. Merkel, president of the board of health for the past two years, is virtually a certain choice to be re-elected when the board meets for reorganization Monday night, at 9 o'clock, in borough hall.

Board members polled last night commended the white-haired, bespectacled chairman for his work in that office and indicated unanimous intention to reelect him in office.

Opinion also indicated that J. Alfred Marquet, non-member secretary, will be installed for another term in that office. Merkel praised the secretary for "a job well done."

THE BOARD will be below normal strength for its first meeting of 1950. The vacancy created by the term expiration of Dr. David D. Detar the past month still has not been filled. Dr. Detar could not be re-appointed because his voting residence is outside the borough.

The Republican-dominated borough council probably will name a replacement at its meeting Monday night, GOP leaders believed.

The job was offered to James I. Gill, 401 North Charlotte street, head of the laboratory at Pottstown hospital, but he turned it down. Gill, Republican, was formerly a health board member.

# Big 3 Split on China Question; U. S. Minimizes Extent of Break

WASHINGTON, Jan. 6 (AP)—Britain's recognition of Communist China today broke the Western powers' solid front in the Far East. But the State department hastened to minimize the effect of the split.

In a statement, the department stressed that recognition does not mean that Britain approves the Red regime. Moreover, the department said, Washington and London as well as other Western capitals still agree on the ultimate objective—a stable, independent China free of foreign domination.

The British move, while anticipated, stirred a storm of protest in Capitol Hill, with Republican lawmakers firing new blasts at this country's China policy as well. Congressional reaction pointed up the possibility of a retaliatory move to cut down—or maybe eliminate—British allotments in the European Recovery Program.

But Chairman Connally (D-Tex) of the Senate Foreign Relations committee staunchly defended Britain's right to recognize the Chinese Red government. However, he said in a statement that he is opposed to similar action by the United States at this time.

ONLY YESTERDAY Connally predicted that this country eventually will establish diplomatic and trade relations with the Communist regime.

Rep. Kee (D-WVa), chairman of the House Foreign Affairs committee also came to the support of the British, saying "we just can't rise up and condemn her completely for this."

But Rep. Eaton (R-NJ), ranking GOP member on this committee observed that U. S. policy in the Orient has collapsed. He termed it "one of the supreme failures and tragedies in our history."

Chairman Cannon (D-Mo) of the House Appropriations committee through which Marshall Plan funds must pass, said he was disappointed by the British step. "You can't compromise with evil," he said, but declined to discuss what effect the British move will have on the European recovery appropriation for the coming year.

HOWEVER, ANOTHER Democrat, Rep. Richards of South Carolina, asserted that it will take a lot of persuasion "to convince Congress that they should be further economic aid to Britain."

Richards, a member of the House Foreign Affairs group, said Britain "pays her own way when it suits her selfish ends. She co-operates with the United States only when we are handing out dollars."

## UAW Watchman's Tale Of Abduction Checked

DETROIT, Jan. 6 (AP)—Police continued to check the abduction story told by a night watchman who found a dynamite charge, Dec. 20 at the CIO United Automobile Workers international headquarters.

They said the watchman, William Thomas, 58, told "confusing" stories about being abducted.

Inspector Joseph Krug of the special investigation squad said Thomas would be examined by a psychiatrist. Krug said further police questioning also was planned.

Thomas told police he had been living in terror for more than two weeks following the dynamite attempt.

Last night he was questioned at police headquarters about the dynamite plot. Afterwards, he was "roaming around" when the abductors seized him on a downtown street at 5 a. m., he said.

"They jumped out of a car and jerked a rope around my neck," he said. "I blacked out and that's all I remember till I came to."

THE ABDUCTION sent officers off on a new track in their investigation of violence against the UAW. The probe already embraces the unsuccessful dynamite attempt and the near-fatal shootings of Walter and Victor Reuther.

Thomas was removed late today to Detroit police headquarters after treatment at Wayne County hospital.

He told Inspector Krug that he was seized near his rooming house. For many nights, he said, he had not slept at home because he was afraid.

He said he had ridden in buses, sat in theaters or roamed the streets.

## Atlantic Pact Nations Approve Defense Plans

WASHINGTON, Jan. 6 (AP)—The 12 North Atlantic Pact governments gave quick and final approval today to their joint defense plan for warding off a possible Russian attack on Western Europe.

This move cleared the way for President Truman to make available the full \$1,000,000,000 Congress appropriated the past Summer to re-arm this country's allies.

Congress specified that \$900,000,000 of this was to be frozen until the Atlantic Pact governments satisfied President Truman's defense plans.

Top diplomats of the member nations adopted the detailed blueprint at a meeting of the North

Atlantic council in the State department.

With Secretary of State Acheson presiding, they gave official sanction to the strategic plan, drawn up in Paris the past Dec. 1 by their military leaders.

GOVERNMENT officials said the plan, the result of six months of intensive discussion, was approved unanimously and without argument at today's meeting. The session lasted only 40 minutes.

Details of the plan were not made public. In announcing approval of the document the State department said that it provides for "the integrated defense of the North Atlantic area."

"These recommendations embody the principles of self-help and mutual aid and will provide the basis for the common defense of the parties."

Informed officials reported that broadly speaking the Western defense strategy is as follows: If Russia should attack, the brunt of the defense burden in the initial stages of the war would fall on the French army; the largest among the Western allies on the European continent.

AMERICAN and British occupation troops now on duty in Western Germany along with Dutch and Belgian forces would also be fitted into the common Western army.

Britain and the United States would be jointly responsible for air support and with keeping the sea approaches to the continent clear of enemy craft.

American arms and military equipment are expected to begin moving to eight of the Western European governments around Feb. 1.

## Mummers Will Parade Today, Unless It Rains

LONDON, Jan. 6 (AP)—Britain recognized the Communist conquest of China in a diplomatic move today that split the Asiatic front of the West's Big Three. Protection of trade interests was one major aim. Safeguarding of the British colony of Hong Kong was another.

The British Labor government accepted Mao Tse-Tung's Peking regime as the government, in law as well as in fact, of the world's most populous country. A nation of 460,000,000. It agreed to the establishment of diplomatic relations.

Three smaller nations—Denmark, Norway and Ceylon—immediately followed Britain's lead.

The United States and France held back. They are going to take their time about recognizing Mao. Secretary of State Acheson said yesterday the United States considers such recognition premature.

THE BRITISH move was generally denounced in Congress. Rep. Cannon (D-Mo), chairman of the powerful House appropriations committee, said "it is stirring up trouble for the future." The White House was silent.

Parisian diplomats said France will not recognize Mao "in the near future." She will delay action at least until Britain accepts officially the French-sponsored Bao Dai government of Viet Nam, Indo-Chinese neighbor of China, these informants said.

Dr. Cheng Tien-hsi, Generalissimo Chiang Kai-shek's Nationalist ambassador to London, termed the British action a knockout blow to Nationalist China, "not from her foes but from her friends and former allies. He said it was "direct intervention in the Chinese civil war on the side of the Communists." Britain severed her relations with the Nationalists last night.

TAIPEI, The capital of Chiang's Formosa redoubt, was plunged into gloom by the combination of these developments and President Truman's decision yesterday to keep American hands off the island. The Nationalist foreign minister, George Yeh, said the British step compromised "every traditional idea of freedom held dear by the British people."

The nationalists replied to the British with an order to Cheng to break diplomatic relations with Britain. This was a gesture of defiance, but only a gesture.

## Woman Dies in Leap From Hotel Window

PHILADELPHIA, Jan. 6 (AP)—A New York woman leaped from a 13th floor window of the Adelphia hotel today and crashed onto a metal canopy at the entrance to the midcity hotel.

Before she plunged to her death, she wrote a series of notes. The first, found in her room, said she had written the Police department.

In that letter, received later, she identified herself as Mrs. Doris Davidson, New York city, and asked that her sister, Mrs. Herbert Levy be notified.

"Please, tell her," said the letter whose contents were disclosed by police authorities, "not to have my body buried until she receives a special delivery letter for me."

A one dollar bill was attached to the message. "The enclosed money is for the telephone call to New York city," the note said.

Mrs. Davidson, a woman of about 60, registered at the hotel yesterday.

## Bomber Crashes in Bay While Making Test Flight

EGLIN AIR FORCE BASE, Fla., Jan. 6 (AP)—A giant B50 bomber with 11 crewmen aboard plunged into Choctawhatchee bay shortly after taking off from this air proving ground today on a test flight.

Nine of the men were rescued in short order by life rafts as they bobbed about in the choppy waters in their life jackets.

The two other men were believed to be pinned inside the plane.

## Czechs Expel Veteran News Correspondents

PRAGUE, Czechoslovakia, Jan. 6 (AP)—Communist Czechoslovakia expelled the four senior Western news correspondents today, reducing Western press representation in the country to four men.

Those expelled are Richard Kasichke, Associated Press chief of bureau and Rob Roy Buckingham, senior United Press correspondent, both Americans; Miss Amber Boussoulou, correspondent of the French Press agency (AFP), and Eric Bourne, of Great Britain's Kemsley newspapers.

The charges against these four were that they presented an "unobjective" picture of Czechoslovakia to the western world, that they failed to report all sides fairly, and that they had "connections" with Czechs who are deemed reactionary by the Communist government.

The AP and UP men challenged Bedrich Runge, deputy chief of the foreign ministry press department, to back up his accusations by producing specific examples. He declined to do so.

KASICHKE and NATE Polowetzky, who now will assume charge of the AP's Prague bureau, also asked the Czech officials to say whether the official Soviet news agency, Tass, would have it representation here halved. The officials replied they did not know.

"The four reporters—the ones selected for expulsion—were those who had been here the longest—followed the Czechoslovak story while the government placed new restrictions on the Roman Catholic church, purged officialdom and the Communist party, and started drives to stamp out the middle class and to collectivize agriculture."

In recent weeks there has been a rising crescendo of attack in Czechoslovakia against the Western press.

## State Supreme Court Judge Dies After Heart Attack

PHILADELPHIA, Jan. 6 (AP)—Marion D. Patterson, Associate Justice of the Pennsylvania State Supreme court, died in Pennsylvania hospital late today. He was 73.

Judge Patterson collapsed earlier in the day in the justices' conference room.

Dr. William C. Ryan diagnosed the jurist's sudden illness as a heart attack.

The jurist from Sylvan Hills, Hollidaysburg, had complained

to Judge Horace Stern he was not feeling well and blamed it on the weather.

A few minutes later he fell across the conference table and Stern summoned medical aid.

He was former President Judge of the Blair County court after serving as district attorney. A brother, George Patterson, is now President Judge of the Blair County court.

PATTERSON, AFTER serving 16 years as Blair County district attorney and president judge for two terms, was elected to the State Supreme court for a term of 21 years, beginning in 1940.

He was a native of Williamsburg and attended Stewarts academy and Dickinson Law school. He taught school for seven terms in Blair county and was admitted to the bar in 1904.

In 1925 he married Gertrude Gable Stewart.

Judge Patterson went from a teacher's desk to the law.

## HISS ACCUSER CALLED LIAR BY PSYCHIATRIST

Mental Specialist Says Chambers Can't Tell Fact From Fiction

NEW YORK, Jan. 6 (AP)—Whittaker Chambers, the government's chief witness against Alger Hiss, was pictured by a psychiatrist today as a self-centered liar and dreamer who can't tell fact from fiction.

Dr. Carl A. L. Binger, Park avenue mental specialist, gave a detailed analysis of what he called Chambers' "bizarre behavior" to back up his opinion that the one-time \$30,000-a-year editor is a "psychopathic personality."

Hiss' second perjury trial was adjourned during Dr. Binger's testimony because of a juror's illness. Federal Judge Henry W. Goddard said he hoped the trial could resume Monday.

Hiss, formerly a high State department official, is accused of lying when he denied passing secret Government papers to Chambers for the use of a pre-war Soviet spy ring. A Federal Grand jury believed Chambers when he said the papers were passed.

Dr. Binger, called by the defense, called Chambers a "pathological liar."

"This is something different from ordinary lying," he said. "It is living out or playing out a lie as it were true."

Persons so afflicted, the psychiatrist said, are "under the influence of their imaginations, which may have no relation to reality."

DR. BINGER cited 20 instances in which Chambers has admitted on the witness stand that he lied. He said the stocky, 48-year-old Government witness lived under false names "before, while and—curiously enough—after he was a Communist."

And he said Chambers' famous hiding of microfilms in a pumpkin on his Westminster, Md., farm "is not the kind of behavior one would expect from a person in good mental health."

The psychiatrist said Chambers showed insensitivity typical of the "psychopath" when, years ago, he carried on a long-standing illicit relationship with a woman in his mother's home.

Still earlier, said Dr. Binger, Chambers wrote a play ridiculing Hitler and published it at Christmas time.

"An Organization of Constructive Integrity"

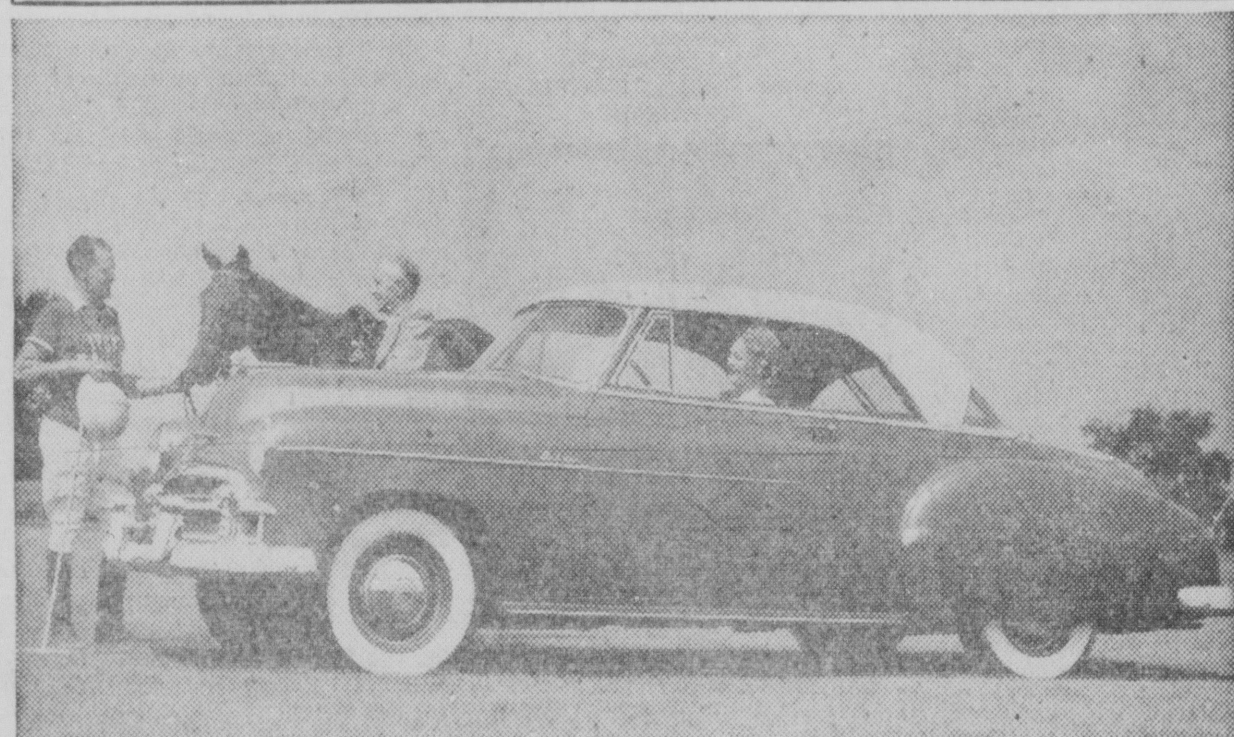

## New Chevrolet Powerglide Simple to Operate

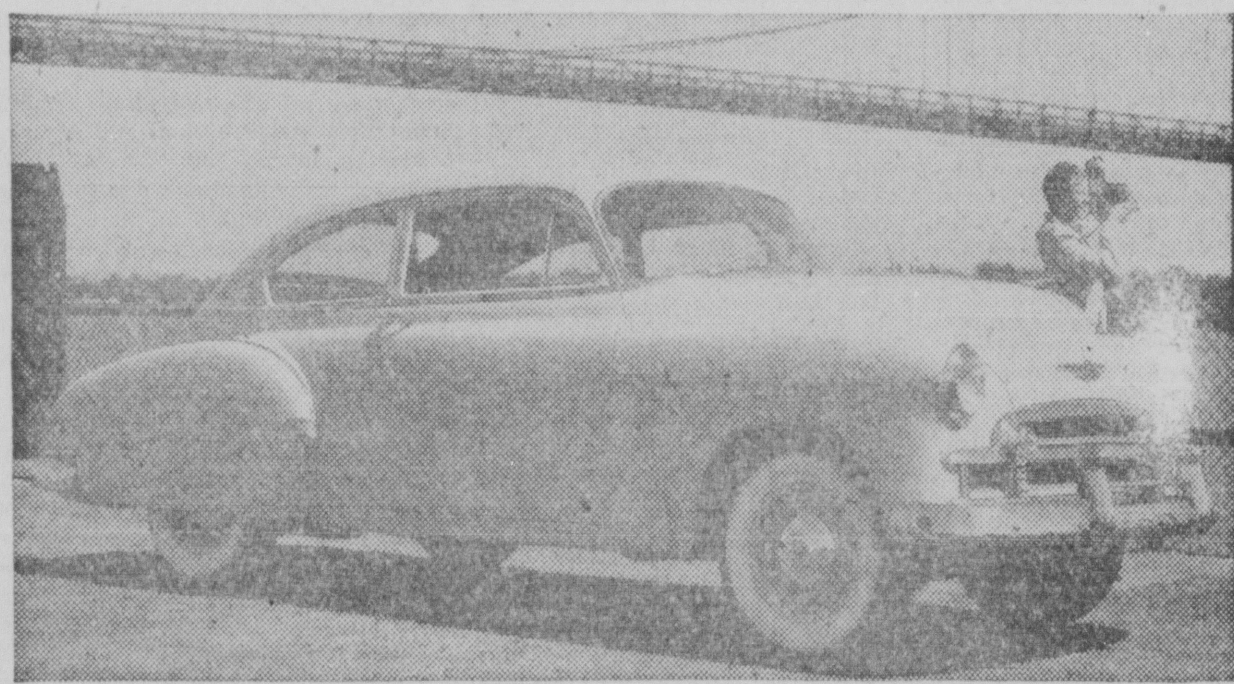

Performance of the 1950 Chevrolet Powerglide, first automatic transmission in the low-price auto field, is illustrated by the five small pictures set over the controls. When the pointer is positioned at "Park," wheels are locked and the car cannot roll. "Neutral" is an idling position or for starting the engine. When the lever moves the pointer to "Drive," forward momentum is entirely dependent on accelerator pressure. "Low" is for emergencies, as in deep mud or snow. In addition to backing, the "Reverse" position gives quick response when conditions make necessary the "rocking" of a car by shifts from low to reverse.

## Chevrolet Bel Air, New Luxury Coupe, in Debut

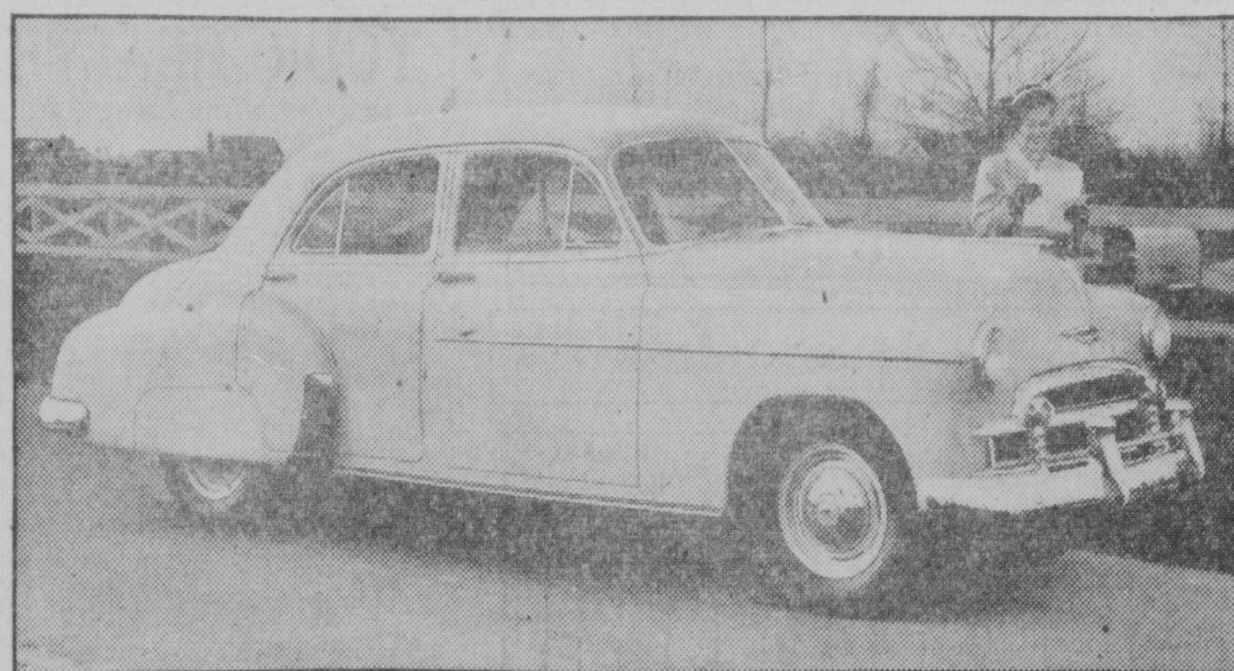

New to the automobile market is this modish Chevrolet Bel Air, a "hardtop" coupe with the low, swank lines of a convertible. Luxurious interior treatments, amazing visibility and smart two-tone color combinations are among features which mark it as an automobile of genuine distinction. As with other 1950 Chevrolets, bodies and chassis have been improved and refined. Powerglide, a new automatic transmission, is optional.

## 1950 Chevrolet Offers Automatic Transmission

As in 1949, Chevrolet's newest line of passenger cars offers two individually designed sedans. This is the Fleetline, so described because the curvature of the rear quarters follows body roof lines. Fresh beauty in exterior and interior treatment is visible to the eye with increased power and comfort highspotting chassis improvements. In addition, the company offers an automatic shift in the optional Powerglide transmission.

## One of Two Sedans in 1950 Chevrolet Line

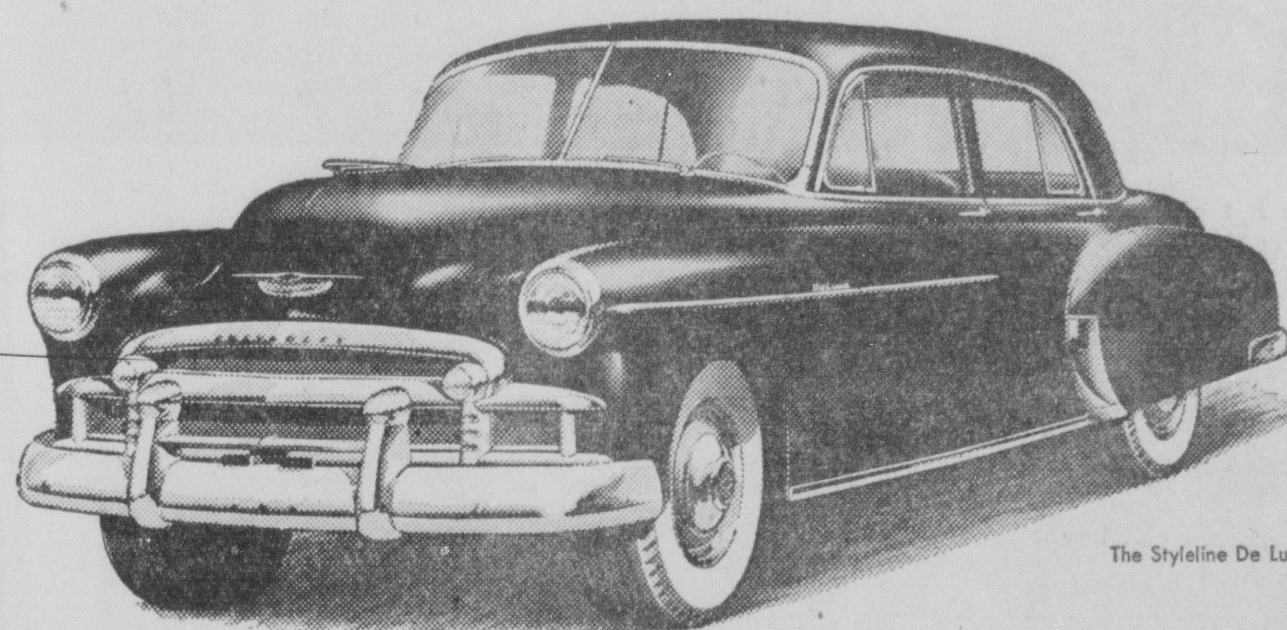

The Styleline, one of two individually designed sedans which have achieved immense popularity with Chevrolet owners, will have new beauty in 1950. Improved grille work, sturdier bumper guards and more tasteful ornamentation are some of the exterior improvements. New Chevrolets also offer increased power and comfort with the Powerglide automatic transmission as optional equipment on De Luxe models.

*As riches and favor forsake a man we discover him to be a fool, but nobody could find it out in his prosperity.—Jean de La Bruyere.*

### The Communist Plan

Many Americans must still wonder if the Soviet Union actually calls the tune within the satellite states or if these states, as the Kremlin claims, are actually independent "people's democracies."

They must wonder too just how Communism manages to overrun a state—Czechoslovakia, for example—which had always had a high degree of individual freedom.

The magazine Foreign Affairs carried a revealing answer to these questions. It was written by Jozsef Reval, whom the magazine terms "the leading theorist of Hungarian Communism," and was published in a Hungarian Marxist journal.

The gist of Reval's remarkable article is found in this:

"We were a minority in parliament . . . but at the same time we represented the leading force. We had decisive control over the police forces. Our force . . . was multiplied by the fact that the Soviet Union, and the Soviet army, were always there to support us with their assistance.

"When we struggled directly and apparently only for steadfast achievement of bourgeois—democratic tasks, we fought as well for the establishment and assurance of the conditions which made possible the socialist transformation.

"The change in the development of our people's democracy into the dictatorship of the proletariat began with the destruction of the right wing of the Smallholders' Party, with the liquidation of the conspiracy and the fall of Ferenc Nagy (Nagy headed a Hungarian coalition government).

"Then the kulak (the more prosperous class of farmer) became an enemy, then the leading role of our party and the working class was strengthened.

"This development, our development into a dictatorship of the proletariat, was crowned and definitely assured . . . by the destruction of the right wing of the Socialist Party and the establishment of the unified Workers' party."

That is a frank and accurate description of the standard Communist technique, written from the inside. It applies in principle to every country which has adopted the Marxist religion. The Kremlin actively aids and abets the movement, and the threat of Red army action always exists.

The wolf-in-sheep's clothing device is always employed to disarm the people. And, once power is seized, all opposition is liquidated—including even the more moderate elements within the socialist ranks.

Reval's article implies one more fact of the highest importance.

The Communists must win an election or any other form of political struggle only once—then they are in for good, unless war or revolution unseats them.

Those who believe in free, representative government must win every time if they are to survive.

### Will You Help?

DURING the last holiday season, as in the past, tragedy came to many homes. It came in the form of fire.

In some instances, it left dead, maimed and suffering human beings behind.

In one case a fire which started with a Christmas tree destroyed most of a town. So, again, the nation has been shown that fire is one of the greatest menaces to life and property—and a menace which is always waiting for a chance to strike.

Yet the terrible toll which fire took in 1949 need not be repeated in 1950.

Fire is not an enemy against which there is no practical defense. It is, on the contrary, an enemy which can be captured and controlled.

The experts say that something like 90 percent of all fires are unnecessary—they could have been prevented with just a little thought, a little time, a few simple precautions.

Most fires start from the simplest hazards—carelessness with smoking materials, frayed electric cords, improperly maintained stoves and furnaces, accumulations of trash, and so on. You don't have to be an authority on fire prevention to get rid of these hazards in your home or place of business and the cost is small.

This year, organized fire prevention will go ahead in high gear. It will be successful if, and only if, it is given public cooperation everywhere.

Your life and your property may be at stake. Are they worth protecting?

## Pro and Con Views on Military Toys for Overseas

### Calls Them Harmless

To the Editor: The idea of collecting toys for the little children in Europe is a grand one. It will do more good than thousands of precious American dollars poured into those war-torn countries under the Marshall Plan.

I noticed, however, in The Mercury that no toys suggestive of militarism will be accepted. This is a narrow point of view, although a minor one, and I'll tell you why.

It is the same old-fashioned line of thought as keeping growing children ignorant of sex so they won't think about it. Or it is like keeping the liquor bottle in the house hidden away from the high school child so that he'll never need the stuff.

We shouldn't be so simple as to think that playthings in the form of soldiers and guns will help prevent another war. Wars are more deeply rooted than that. And, if we are supposed to be a peace loving nation, why do we permit our children to have such toys?

Children are the same world over. Our own foolish ideas about such simple things as toys won't change them. Boyertown T. E. R.

### Revive War Memories

To the Editor: I think the American Legion, the local school children and your newspaper should be congratulated for the drive to send toys to needy children in Europe.

I was especially glad to read about the boy who put in some writing paper for the person who gets his toys. To write him with. It shows that the children are

not only doing their share but are doing it with the right spirit of international friendship.

I also liked the idea of banning war toys. Not that I am against soldier sets and so forth for the kids, but I think that the children in Europe have memories of war that are too painful to be recalled, even in the spirit of charity.

It is better that our own children keep their old soldier sets and so forth. This way, they will have a harmless outlet for the liking for glory and violence that is in us all. It will also help to remind them when they grow up that war is something for those with childish minds. Pottstown R. J. T.

### Weather May Slow Us Down

To the Editor: I was reading the other day where scientists predict that North America is becoming warmer all the time and that before very long we will have the kind of weather here like they have in Italy. The way things were this week, it looks like the scientists have got hold of something pretty solid this time.

The scientists, of course, were shaking their heads about this trend, saying that it would make us easy-going and so forth. Personally, I think it is a great thing.

Since we are going to have warmer weather in the future, we should try to make Pottstown a little more like a warm weather resort. For instance, we should stir our stumps to have boating and bathing on the Schuylkill, especially since the clean-up program is going ahead so nicely.

We also ought to start taking things

easier. If we don't, we'll make our children and grandchildren think that rushing around is the thing to do, and then they'll die off like flies when our town becomes Sunny Pottstown. All this hard work was fine when the town was snowbound half the year, but with the current trend, we're going to overexert ourselves.

Pottstown J. O. T.

### Holiday Recess Cut Short

To the Editor: I was amused at Warwick having school Jan. 2, 1950, when all other schools were winding up the holiday celebration. Just because we are small and live in the country is no reason why our children can't enjoy a holiday season as others do.

After the children requested the day off this must have been too great a decision to change. Elverson A. TAXPAYER

### Call Out Vigilantes

To the Editor: In view of the many burglaries in Pottstown and the inability of the police force to do anything about them, I suggest that an organization of vigilantes be formed to take over the job of protecting the business section.

This was done up in Massachusetts several years ago and within a week this group of citizens had rounded up and got confessions from four members of a thievery gang.

We are still a small town and all of us should have the interests of law and justice to our neighbors at heart. Pottstown EVERETT J. C.

### Times Square Cuff Notes

BURNU AQUANETTA (remember her brief fling at the movies, when she was a Maria Montez-type glamour girl?) hopes to get two and a half million dollars from her wealthy husband, from whom she is seeking a divorce in the California courts. It may be more difficult than she expects, however, as a most of his fortune seems to be in Mexico. Jazz star Eddie Heywood, ill for two years, returns to show business with a new recording contract—London discs. First rehearsals indicate that Lee Tracy will be a big hit in "Mr. Barry's Etchings." The American Embassy has picked up the passport of Lucky Luciano's press agent, confining him to Italy. Insiders say the orders came directly from the State department. It may be another way of annoying Lucky. Hedy Lamarr's New Year's resolution will make her studio press department happy: she's going to be "more co-operative."

A BOOKING AGENT is suing Xavier Cugat for his percentage of

an engagement he claims to have booked for the rumba maestro in Venezuela. It's getting so that if Cugie doesn't have to fight a lawsuit a month he'll be lonesome. The hep autograph hunters who hunt the stage door of the Martin Beck Theatre, where "That Lady" is playing are wearing patches over their right eyes—just like Katharine Cornell in the show. Note on the Fireside Inn menu: "For Consultation about Today's Chef's Special, Ask for Host Lou Simon, Or Secretary of Your Interior." Milton Berle's humor column has been quietly dropped by an afternoon paper.

DANNY THOMAS is playing hard-to-get with the Hollywood producers. Won't sign for a movie until he's seen the completed script. Even though she's sight unseen in this country, Rosita Serrano will get a very visible \$4000 per week when she goes into the Copa City March 8. Lady Iris Mountbatten is said to be interested in taking over a part-ownership in a local modeling agency. Singer Thelma Carpenter is being courted by her arranger, Garland Wilson. Music switch: The Bela Bartok viola concerto, which William Primrose has premiered with such success, can't be introduced by Primrose on Victor records. Bartok's son, Peter, controls the rights and will distribute a recording of the work through the small firm he owns.

### The Worry Clinic

By DR. GEORGE W. CRANE

WALTER W., 51, is president of school board.

"Dr. Crane, recently you pointed out the fallacy in relying too heavily on a teacher's advanced degrees," he began. "So how would you select teachers if you were hiring them for the public schools and colleges?"

"Wouldn't you give any weight to an applicant's advanced degrees?"

CERTAINLY, I WOULD give reasonable weight to such degrees, and would also pay attention to the scholarship of the applicants when they were in college.

But a teacher doesn't pass his degrees along to his students! So I would give more consideration to those things which can be handed on to the young people coming to that teacher—as a fountain of information and possibly an object for hero worship.

First, I'd want a teacher with an attractive personality and a sincere enthusiasm for helping young people.

I wouldn't want to pay good money sending my children to a teacher who wore a chronic sour puss or had a pessimistic view of life.

Second, I'd want a teacher who would set a positive moral example!

I'd probe into the kind of home whence he came. I'd find if he was active in church, YMCA, CYO or YWCA and other religious organizations.

Then I'd learn if he had actually been a leader in such constructive organizations. Was he a Sunday school teacher or president of a Young People's Society, or a patrol leader or Scout Master?

I'd also want to know if he had earned at least part of his way through school. And if he had received any debating or public platform experience.

Never would I willingly submit to having my children sit before a teacher who was so dry and uninteresting as to put his students to sleep. A school teacher should be at least a fair orator.

Then I'd check into his political past, too, and see if he had always cast his ballot in the primaries and November elections, for a loyal American citizen would not be guilty of staying away from the polls on election day.

Since I like America and want my children to feel the same way, I'd not choose a Communist or asinine ape of European attitudes and institutions.

We Americans believe in free speech and the presentation of both sides of all questions, but we mean both sides!

We professors, who like America and its "free enterprise" system may never get access to the students to balance their education with our side of the question. That's especially true if they major under this communistic professor and thus take most of their courses under him.

Finally, I'd probe into the teaching methods of all applicants to see if they tried to stress the practical aspects of their subject matter.

My chemistry professors, for instance, would not teach high schoolers how to make remotely relevant products, such as TNT, but let them graduate without knowing how to remove limes stains or make soap on a farm.

Send for my "Test For Good Teachers" enclosing a three cent stamped envelope plus a dime.

## Wives' Big Aim... Their 1950 Job...

★ **HAPPY NEW YEAR**—Still time for resolutions? Why, certainly! Baby 1950 is slightly more than a week old. Fifty-one to go! Now, when it comes to men's habits one woman's ideal is another woman's despair. At least that seems to be the meaning of a recent New Year's resolution poll. When American women are asked to make a New Year resolution for their husbands or sweethearts, their replies cover a lot of ground, says the Woman's Home Companion which recently polled a cross-section of wives. Let's face it! Wives from Long Island to Santa Barbara want to make their husbands over. At least American wives under 30 think there is plenty of room for improvement in the men they have married.

To quote one from New York: "I'd like my spouse to exhibit a little more of the gaiety and interesting talk at home that he displays when we have guests." But the other side must be heard. From California comes this red-head's reply,

"I wish he'd be as entertaining with guests as he is with me." Is there no peace for the male in the new year? Look no farther, say the women of 35 and over.

They accept the man as he is. At least the poll shows that this age group is less interested in making their husbands over. They like 'em as they are. But even these wives make a qualification. They wish their husbands' wouldn't work so hard.

★ **ANOTHER RESOLUTION**—For 1950 the distinguished author, Roger William Rils recommends that we resolve to "take pride in the vast amount of good that exists in our nation, instead of bemoaning the little that is bad." We come to the New Year looking to the future with hope and to the past with pride. There is a feeling of responsibility that living in America imposes on each one of us, declares Rils in January Coronet. Within our homeland are empires of corn and wheat, of cotton and cattle, an empire of mountain principalities and of inland seas where steamers ply eastward and westward on their voyages. We have welded 150,000,000 individuals into one people and yet, while doing it, we've kept in sight the value of each person's individuality. "Here in America is the accumulation of the dreams of millions of people," declares Rils. "And here among us are the ability and the equipment to make those dreams come true. We have provided a standard of living which the whole world envies. We are the only great nation of the world whose unity is by deliberate intent, rather than by compulsion of geography and attrition of history." "Let us resolve that ours is the world of tomorrow, to fashion it as we will. And let us so fashion it that generations yet unborn shall say: 'Thank God for the United States.'"

★ **FINAL ONE**—Keep down your blood pressure in 1950! Take it easy! You'll last longer!

If you're the kind of person who never lets yourself go, you may develop emotional high blood pressure. Generally speaking, people who are inclined to suffer from high blood pressure tend to be tense and given to states of anxiety and depression, says Dr. Edward Podolsky, in the January Journal of Living. They are characteristically inhibited. They may want to let off steam occasionally by fighting, screaming, or shouting, but something holds them back. Tensions and strains are bottled up inside—and as a result, blood pressure shoots up. Relief for this type of tension may be found in sports activities or hobbies because they provide a chance to work off inner restraints. Other simple rules suggested by Dr. Podolsky for easing the typical case of emotional high blood pressure are: Acquire a sense of detachment when you consider problems that beset you. They will not last forever, and tomorrow they may be insignificant. Never overreact to any problem. Little troubles aren't worth it and big ones need your sanest, most thoughtful mood. Develop a sense of self-confidence. You can do almost anything you like if you have faith and confidence in yourself. Try getting around a problem if you can't get through it. Sometimes this is easier and the results may be just as good. Don't feel that you must always be the family's Rock of Gibraltar. There are many times when you can temporarily repudiate responsibility without any harm. Develop a sense of humor. Learn to laugh at yourself—and relax!

## YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

No one who has ever had a good case of hives will need to have them described. But, for those without personal experience, I may say that the suddenness with which the skin erupts into a mass of red welts is characteristic. These swellings, each with its white center, appear as by magic and itch like forty million devils.

Medical science has recently distinguished three kinds of hives, known scientifically as urticaria.

First there is a type which is definitely due to allergy. Persons sensitive to certain foods may develop hives after eating them.

Frequently, stomach and bowel upsets, as well as asthma and running nose, accompany these attacks of hives, which last anywhere from a few hours to a few days and then gradually subside.

Prompt relief can be obtained by injections of epinephrine under the skin or the taking by mouth of one of the anti-histamine drugs, such as neohetramine, benadryl or pyribenzamine. As a matter of fact, in most instances, the patient can readily identify the foods which cause his trouble, and by avoiding them prevent the attacks of hives.

Another type of hives is known as acute idiopathic urticaria. This condition is not associated with other disorders due to sensitivity, such as asthma or hay fever. The attacks usually last for a few hours to a few days and then disappear. In these cases, also, treatment with epinephrine or the anti-histamine drugs brings relief.

Still a third type of hives is known as chronic idiopathic urticaria. This condition is often much more difficult to relieve. The hives recur at varying intervals for months or even years.

## Hollywood

By EDITH GWYNN

HOLLYWOOD, Jan. 6—Has anyone noted that the much-publicized "September" which Joan Fontaine and Joe Cotton made (most in Italy) last Summer, has been titled—changed to "September Affair." Heck — "Holiday Affair" (with Bob Mitchell and Janet Leigh) precedes it into theaters by a safe margin. If the Fontaine can sandwich it in, she'll play opposite Mel Ferrer in "A Very Remarkable Fellow" for R.K.O. But her other commitments have first call, we imagine. Tom Drake and Jack Haley's doctor, Gloria should be furnishing an important romantic flash any minute. Brian Donlevy has been re-elected Mayor of Malibu Beach for the third time. "Don't you adore the title of the new song Howard 'Dancing in the Dark' Dietz is writing — even if he's kidding? It's, 'Under the Circumstances With You.' (!) All those proposed Ginger Rogers-Fred Astaire extravaganzas are much in abeyance at the moment—if not off entirely. Fred has so many other fish to fry on celluloid and Ginger is about to star in "The Legal Bride," which, Fidelity Pictures will produce as an independent. It's from Robert Carson's Sat. Eve. Post yarn. A comedy.

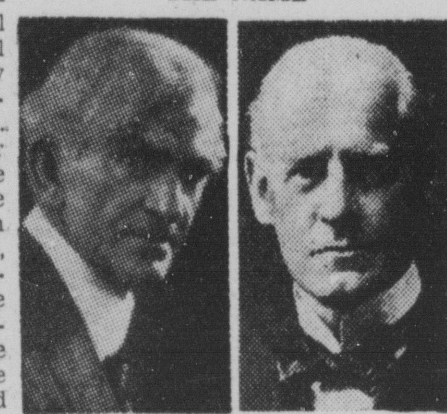

Joan Fontaine

### FOLKS OF FAME—GUESS THE NAME

1. This actor and playwright was born in Marysville, Calif., Jan. 16, 1864. He made his stage debut in San Francisco, wrote "Lightnin'" (with a collaborator) and played in it for three years and a day. He appeared in "Alabama," "Puddin' Head Wilson," "Me and Grant," "Cinderella Man" and "Fortune Hunter." He died Nov. 19, 1922. What was his name?

2. This eminent English author and playwright was born Aug. 14, at Coombe, Surrey, England. He was called to the bar, but preferred literature for a vocation. Among his plays are "The Silver Box," "Strife," "Justice" and "The Forest." His first novel to attract attention, in 1904, was "The Island Pharisee," followed by "The Man of Property," which became the first of a series called a saga. "The White Monkey," "Maid in Waiting," "Flowering Wilderness," its sequel, and the posthumous, "Over the River," are other well-known works of his, with "The Dark Flower" and short stories. He died in 1933. Who was he? (Names at bottom of column)

Places and Legends of England Described To Garden Club by Mrs. Luther Batchelor

The land that Shakespeare praised so well was described to members of the Pottstown Garden club yesterday afternoon in Library hall by Mrs. Luther Batchelor Sr., Snowdenville, who returned from England in October.

Mrs. Batchelor became interested in flowers when she was a small child in England. Among the places she visited and described to the members were Westminster Abbey, the House of Parliament; the Tower of London, the spot where Anne Boleyn was beheaded; Canterbury Cathedral, Regent's Park, London; St. Denis Church at Rothamford, and St. Paul's Cathedral.

The most interesting place, Mrs. Batchelor found, excluding Westminster Abbey, was Newstead Abbey, known as Lord Byron's house, close to Nottingham.

Outside the abbey gate stands a relic of Sherwood Forest—the Pilgrim, or Gospel Oak, which was probably there before the canons were driven from the Priory.

SHE EXPLAINED to the women that it is the popular belief that its name was given because pilgrims to the Priory used to hear the gospel beneath it. On certain holidays the people of the neighborhood have been accustomed to assemble under its shade and celebrate their rural festivities.

This custom has been handed down from father to son for several generations until the oak had acquired an almost sacred character. It was among the timber marked from destruction by Lord Byron,

Sanders Phillips Weds Miss Marsha Harris In Washington, D. C.

Miss Marsha Jane Harris, daughter of Mr. and Mrs. Harry H. Harris, Washington, D. C., and Mr. Sanders E. Phillips, formerly of Pottstown, were united in marriage recently in the Hotel Twenty Four Hundred, Washington, D. C.

Mr. Phillips, who is a student studying dentistry at the George Washington university in Washington, is the son of the late Mrs. Fannie Y. Phillips, Pottstown, and a brother of Miss Lella Phillips, 369 North Charlotte street.

The bride is employed by the United States Treasury department in Washington.

Maid of honor for the bride was Miss Marilyn Mendelsohn, Reading, while junior bridesmaid was a sister, Miss Marlene Harris. The bride's father gave her in marriage.

Best man was Mr. Alvin Levin, Diamond and Hanover streets. Mr. Herbert Phillips, brother of the bridegroom, was also in the wedding party.

Following the reception, the newlyweds left on a honeymoon trip to New York City.

Guests attending from Pottstown were Mr. and Mrs. Leon Fidler, Mrs. Amelia Esterreicher, Miss Lella Phillips and Dr. and Mrs. C. S. Leventhal. Guests also attended from Wilmington, Del., and Montgomery, Pa.

A Christmas party and turkey dinner were enjoyed recently by the senior choir of Emmanuel Lutheran church in the Clover Leaf restaurant.

Greens, white candles and trees made of Christmas balls decorated the tables. Carols were sung and Santa Claus, impersonated by Mr. James Bell, appeared with a gift for all.

Mr. James March showed a sound motion picture on the Christmas story, and greetings from former choir members, Mrs. Elsie Mowbray, Florida; and Mr. Myron B. Himes, Arizona, were read by Miss Laura DeVries.

Brief talks were given by Mr. Gerald Hipple, president; the Rev. and Mrs. Luther A. Krouse, Mr. and Mrs. William S. Hellyer, Mr. and Mrs. Parker Grow and Mr. and Mrs. Irvin W. Riegner.

Toastmistress for the occasion was Miss Iva A. Spacht, organist and director of music of Emmanuel.

Plans for Annual Charity Ball Take Shape As Auxiliary Sends Invitations to Patrons

With the New Year still an infant, social activity goes steadily on the incline as plans for the annual Charity Ball, sponsored by Pottstown Hospital Senior auxiliary take definite shape.

Mrs. John J. Sammons, chairman of the patron committee, announced last night that invitations are in the mail to patrons. The ball will be held Friday night, Feb. 17, from 10 until 2 o'clock in Sunnybrook ballroom.

As it has been in the past, the ball will be a community affair, with the general public invited to attend.

"Patrons," said Mrs. Sammons, "make extra donations to Pottstown hospital which also entitles them to admission to the ball. Tickets for regular admission will go on sale in a few days."

THE PATRON committee, under Mrs. Sammons and her co-chairman, Mrs. Bernard B. Bowling, has been busy all week addressing invitations to patrons, completing their work at a tea in Brookside Country club recently.

Serving on the committee are: Mrs. David D. Detar, Mrs. George Longaker Jr., Mrs. Nathan Es-

## Sterling Athletic Club Files Appeal From Revocation Order

Appeal from threatened liquor license revocation of the Sterling Athletic Club, Boyertown RD 2, will be filed in Berks county court later this month, it was announced yesterday.

The State Liquor Control board, whose agents raided the club the past September, has set the revocation date for Jan. 27.

The case will have a hearing prior to that date.

Principal charges to be brought by the board are maintaining gambling devices and permitting gambling, but others are failure to adhere to by-laws, failure to conduct business through officers, falsifying records, and failure to keep complete and truthful records.

AT THE TIME of the raid, four slot machines were impounded, and a steward at the club, Theodore Pochron, was arrested and subsequently fined \$500, which was paid by the club. The club was not closed.

Samuel R. Liever, Reading attorney, will represent the club in the revocation fight.

The organization, which sponsors football, baseball and basketball teams, lists a membership of 4000 persons.

## GRIFFITH-POLICE —

(Continued From Page One)

a promise of a ten percent pay rise. No promises were made last night.

After reaffirming his intention make his talk "one of stimulation rather than of criticism," he plunged into the central theme.

"We have been plagued with a series of minor robberies . . . Now I know you may have hit a stone wall somewhere, but I believe if you make a little special effort, men, these things can be worked out—perhaps not immediately, but in the near future anyway."

IN URGING THEM to halt the wave of burglaries, he said, "If we don't, we are confronted with even more of it."

He explained that it was difficult to foresee what economic conditions might develop before the year ended. He said, "people who are out of work sometimes do things they wouldn't think of doing at other times."

Turning to the courtesy issue, he said, "the public is our boss. At all times consider them as our boss. Let's give the public just a little bit better service."

Of "outside activities," he said, "I know of course that some of you men do have such activities. But consider your job here first. It's your bread and butter. You're protected in this, and you're not in these outside things."

THE BURGESS ASSERTED, "Let's give this job every consideration. This comes first."

As he neared the end of his off-the-cuff remarks, he said, "Again I want to stimulate you to do just a little bit better than we have been doing."

He said he did not mean by this that he thought it was a poor force. He said, "I'm rather proud of our police force. I think it's a better one than in most towns." He also said he felt that police had always "treated me fine."

"All right, men," he concluded, "go out and remember we're working for the people of Pottstown, all of us."

## Report Reveals Value Of County Police Radio

By Staff Correspondent

NORRISTOWN, Jan. 6.—The importance of radio in criminal investigation and police work generally was disclosed today in the annual report of Chief Operator E. J. Kerns, of the Montgomery county police radio.

With headquarters in the court house, the county unit provided a go-between for most police departments and a number of ambulance services here and in other counties throughout 1949.

Kerns report showed that the radio room was instrumental in recovering stolen property worth \$61,876 during the year.

Total number of transmissions by the staff was 101,208; emergency messages, 20,586; time signals, 12,324; police matters, 66,514; two-way contacts, 17,529; test transmissions, 1,572; messages repeated, 212.

## Spicer Group Donates \$710 to Four Agencies

The Spicer's Supervisor and Clerical association yesterday announced donations totaling \$710 to local organizations.

Lester Burdun, president, said that the Community Chest would receive \$400, the March of Dimes \$100, the Mercury Milk fund \$100 and the Salvation Army, \$110.

The organization will meet in the Elks' home at 7:30 o'clock Wednesday, Jan. 18, to elect officers.

## Messiah College Students To Present Service Here

Six students from Messiah college, Grantam, will present the evening worship service at Brethren in Christ church, 527 Glasgow street, at 7:30 o'clock tomorrow night, the Rev. Harold M. Wolgemuth, pastor, announced yesterday. Known as the "Gospel Team," the group will present a program of singing and speaking.

## Reading Rail, Bus Strike Unsettled After Parley

READING, Jan. 6 (AP)—A three and a half hour conference of representatives of the Reading Street Railway company and the International Association of Machinists and State and Federal mediators, failed to bring an end to the bus and trolley strike called last night in Reading and Lebanon.

## Complaint Target

The Civil Aeronautics administration yesterday asked revocation of the license of Erick Rios Bridoux (right), Bolivian civil air chief who figured in the costliest air collision in history the past Nov. 1 in Washington when the P38 he was flying crashed into an airliner killing 55 persons.

## Man Saves Grandsons, Perishes With His Wife

BUTLER, Jan. 6 (AP)—A heroic elderly farmer saved two young grandsons from death in a flaming log cabin today but died trying to rescue his wife.

The body of Finley Taylor, 68, was recovered by Slippery Rock firemen among the charred ruins on his modest home. His arms were clasped around the body of his wife, Margaret Levina Taylor, 75.

## TRUMAN SAYS —

(Continued From Page One)

and now it remains only to "tap the dynamic forces of expansion."

Specifically, he added two requests to those in his State-of-the-Union message of Wednesday: standby powers to control credit, which he indicated is too relaxed, and more liberal terms on loans to small business.

NOW, HE SAID, the postwar threat of inflation is just about over; but he warned Congress:

"In earlier economic reports, I emphasized the dangers of permitting inflationary pressures to continue, and urged measures to hold them in check."

"Most of those measures were not adopted, and the break in the economic boom, against which I warned, came to pass. Six months ago, the midyear economic report pointed out the way to recovery. Additional steps should now be taken to complete the process of recovery."

"We must not again make the mistake of failing to adopt affirmative policies necessary for continued economic stability and growth."

As in his State of the Union address, Mr. Truman again called for an increase in taxes, but he said it would not be severe.

## Barney Care, Chosen To Head Cub Scouts

Barney E. Care, Douglassville RD, was named submaster of Monocacy unit No. 1, Cub Scouts, at a recent meeting held at the home of Arthur Dyson, Monocacy.

The unit comprises cub packs of Monocacy and Douglassville.

Other officers elected in the balloting were Frank Fredericks, Douglassville, chairman; Joseph DuBois, Monocacy, treasurer; William Dames, Amityville, secretary; Dyson, assistant cubmaster, and Mrs. Jack Docker, Monocacy, and Mrs. Raymond Elliott, Douglassville, den mothers.

## Inmate Sentenced On Worthless Check And Forgery Charge

By Staff Correspondent

NORRISTOWN, Jan. 6.—An inmate in the Graterford branch of the Eastern State Penitentiary was given another sentence by Judge Corson today, but will not have to serve additional time.

He is Paul Shipley, formerly of near Gilbertsville, who entered pleas of guilty to forging and passing two worthless checks in Norristown in November, 1948. The checks totaled \$55, according to Sgt. William Brady.

Shipley is serving a sentence of two to five years for similar accusations imposed by the Bradford County court. The minimum term on this sentence expires Dec. 6, 1950.

He was sentenced in Lehigh county for similar charges to serve one to two years to run concurrently with the Bradford county term.

Judge Corson directed Shipley to pay the costs and a fine of \$1 and imposed a prison sentence of one and one-half to four years, also to run concurrently with the Bradford county term.

pointed out, "It was too low to justify our acting on it."

The past Fall, in an interview with The Mercury, Miss Hoag explained the lunch subsidy program and pointed out that it was available to one-third of the school children in Montgomery county.

She expressed the hope then that the Pottstown school board would apply for participation in the plan, and the nutrition expert declared last night, "I should think that more students would be able to take advantage of it in your schools, but we have approved this application as a starter."

## Eagles Aerie Takes in Group of New Members

Thirteen members were accepted into membership of Aerie 626, Fraternal Order of Eagles, Thursday night at a small "officers" meeting. The meeting room, now being sanded and painted, could not be used. The restricted group met in a small second floor chamber.

Major work on renovation of the former residence at 636 High will be completed by the middle of the month, but final work will not be finished until mid-February, members were told.

Twenty members attended the session, headed by Harold J. Rubright, president.

## Motor Catches Fire After Backfiring at Maria Assunta Lodge

A small gasoline motor was damaged when it backfired and burst into flame at the Maria Assunta lodge at 12:46 o'clock yesterday afternoon.

The engine was being used to hoist a steel frame lift to the second and third floors of the building being constructed adjacent to the present lodge headquarters at 371 Cherry street.

Firemen said the engine backfired and the wiring caught fire.

Volunteers of the Good Will Fire company sprayed carbon dioxide and a booster stream on the engine for five minutes. The Empire Hook and Ladder company, also called, did not have to go into service.

Damage to the engine, which will have to be rewired, was estimated at \$20.

**Legion Committee Named to Handle Collection of Toys**

The main topic at the recent meeting of the Charles B. Yerger Post 471, American Legion, was the present project of the "Tide of Toys" drive.

Commander Purnell Renninger appointed the following committee to handle the drive: John Houck, chairman; Charles Weller, of Morysville; Elwood Romich and Leonard Blazes.

Everyone is requested to cooperate and give a toy or toys to be sent to some child in Europe. It was pointed out that a greeting should accompany the toy to show the children in Europe that they have real American friends.

Toys may be brought to the post on North Reading avenue, any day after 5 o'clock, or if they find it inconvenient to do this, call up the Legion or contact any of the above members of the committee, and they will collect the toys. Next Friday is the deadline for the drive.

At the conclusion of the meeting a lunch was served by "Pete" Reppert and "Bill" Coleman.

### Girl Scout Council Hears Talk on Duties of Committeemen

The Girl Scout Neighborhood council met recently in St. John's Evangelical Lutheran church, where Miss Mary Caroline Lechthaler, of Reading, spoke on the "Duties of a Troop Committee Member."

"Each member should have a certain responsibility," she said.

"For instance, one could have charge of out-of-doors work, help with the troop program, provide transportation, another could help with the budget. Also the chairman of the troop committee is responsible for assisting the leader with her problems, and seeing that the needs of the troops are filled and the troop has adequate leadership."

Miss Lechthaler continued, "Berks County council advocates only one money raising project a year for each troop. Troop committee members pay national dues and are members of the Berks County council." At the close of her discussion, she answered questions.

The meeting was opened with a prayer led by Mrs. Grofe, chairman, followed with the various reports from leaders.

During the meeting it was decided to conduct future meetings on the first Wednesday of every other month.

THE SECRETARY, Mrs. Gordon Royer, was elected to serve as treasurer.

Present were: Mrs. Warren Grofe, Mrs. Lester Guldin, Mrs. Gordon Royer, Mrs. Russell Geiger, Mrs. Betty Astheimer, Mrs. Pauline Sell, Mrs. I. Ralph March, Mrs. Earl Wail, Mrs. A. Harrison, Mrs. Freda Moyer, Mrs. James Bechtel, Mrs. Betty Maletta, Mrs. Lester Kolb, Mrs. Grace Bennett, Mrs. Linwood Ott, Miss Marion Moser, Miss Ruth Yerger, Miss Barbara Harrison, Miss Besse Park, Mrs. Charles Trout, Mrs. Helen Dillon, Lester Guldin and Ralph March.

### Fire Company Women Elect Mrs. Harlenstine

The Ladies auxiliary of the Gilbertville Fire company nominated and elected officers at their recent meeting.

The only new officer elected was Mrs. Grace Harlenstine as president, succeeding Miss Elmira Mauger.

Other officers are: Vice president,

## Area Youth to Lead Section of Band

A 15-year-old Parkerford youth

was honored yesterday when he was chosen to lead the clarinet section of the 100 piece Future Farmers of America band which will play for the first three days of the State Farm show in Harrisburg next week.

He is William McKee, son of Mr. and Mrs. Thomas Peachin, an agriculture student at the North Coventry High school.

McKee, who has been studying the clarinet for the past five years, is a sophomore at Norco, and a member of the high school band. He got his first experience with the State FFA band the past June when he played with the unit at the FFA convention held at State College.

Selected for the first chair in the clarinet section, McKee will be driven to Harrisburg by his parents tomorrow to rehearse with the band.

# Downingtown Nicks PHS 55-48

Pottstown's over-anxious and none-too-gentle Trojans made almost as many fouls as points last night when they sank to their fifth defeat of the year. Downingtown administered this second drubbing, 55-48, in the Whippert gym. It was the Section 3 launching game.

Having absorbed an 80-32 Dutch rub in their last brush with a Pottstown band, and 22 straight junior high and high school lickings from Coach Ed Good, the Whipperts were in no mood to dilly dally last night.

## Norco Jars Falcons, 40-33

### Cols, Bears, Bulldogs Triumph

Norco 40, WP 33

North Coventry High's courageous courtiers broke a two-season win famine last night on their own boards when they turned back neighboring West Pottsgrove High, 40-33, in a Perkiomen league opener for both clubs.

It was a bitter battle all the way, and while the Norcos never were behind, their long-sought victory almost evaporated in the final quarter. With four minutes to play, Ralph Reish, a workhorse defensive rebound expert, was knocked unconscious and forced to leave the game. Norco was ahead by a point at the time.

Two minutes later, Bob Beekley fouled out after doing yeoman work for his Wildcats and then collapsed from exhaustion in the dressing room.

But the Cats battled back and actually staged a final quarter flurry of 14 points to stretch their lead. Diminutive Gene Clemens, who punched in 13 points, led the winners in scoring with conspicuous help from Gary Buckwalter (10) and Reish (8).

The visiting Falcons, who went down to their second defeat in four games, were paced by Gerry Diener's 14 points. They made their best bid in the third period and early in the fourth when they closed the gap to a single point, but could not withstand Norco's closing charge.

IN THE JAYVEE mix, West Pottsgrove earned a split with a 27-17 victory, propelled by Kulp's eight points.

Reish and Beekley both came around in the dressing room, but it was feared that the former may need stitches to close a two-inch gash in his forehead. He was hurried into the stage at the east end of the Norco court when attempting a shot.

**Bears Upset EG**

Os Koons hooked home a field goal from sidcourt in the final 15 seconds last night to give his oft-beaten Boyertown Bears a stunning, 40-38, upset victory over East Greenville on the Bruin court.

It was the Perkiomen league opener for both, and for the Greenies a rude jolt to their plans to romp through the circuit as has been predicted.

But the last was a hasty inning. John Hallman, Ricketts and Green hit in rapid succession to cut the Bears' lead to 38-36.

Neither team had much to offer in the third quarter. Downingtown got seven, three on free chucks, and the Trojans, six.

**Colts 33, Eagles 23**

Collegeville's Colts took up right where they had left off as champs of the disbanded Inter-County league last year, when they surprised Royersford High, 33-23, in Collegeville.

The Colts, riddled by graduation, staged their mild upset by the simple expedient of out-defending the defensive-minded Eagles. In fact, so sticky was their guarding that they completely blanked the taller visitors in the second quarter.

Meanwhile, Coach Bob Hackman's sharpshooters were building a 15-6 first quarter lead and 19-6 halftime rift.

Royersford, led by Bib Faust's ten points, came to life late in the game, but it was unavailing.

Joe Bauman, a swift little forward, flipped in ten points to pace the winners, one better than Captain John Howard's total.

Royersford's jayvees took the opener, 23-20 as Raudenbush tossed home nine points.

**Osmanski Resigns**

Holy Cross Post

CHICAGO, Jan. 6 (AP)—The resignation of Bill Osmanski as Holy Cross football coach was accepted tonight by the Very Reverend John A. O'Brien, president of the Worcester, Mass., college.

Osmanski, the former Chicago Bear fullback, decided to quit the coaching post at his alma mater and devote full time to his practice of dentistry in Chicago, a joint statement by Osmanski and the Rev. O'Brien said.

Osmanski had three years to go on his contract. His Holy Cross team won only one game in ten last fall—the worst season in 54 years of football at the school.

The University of Arizona has 23 lettersman back for its 1949 football schedule.

## Spring City Wins 4th, Defeats 'Port, 35-28

Spring City High opened its Section 6 league schedule last night on a brilliant note when it thumped Bridgeport, 35-28, on the Pirate court.

Three red-hot marksmen, Jim Hallman, Paul Neborak and Lee Sargent racked up 32 points among them to handle the Bob offensive as Spring City forged into the lead in the second quarter and never lost it.

Bridgeport, as usual, depended almost exclusively on the machine-gun shooting of George Mard, its captain, but the let-George-do-it philosophy failed for the sixth time in seven games. Mard banged in five fielders and four fouls to lead all scorers, however, with 14 points.

It was the fourth Pirate win of the year against a single setback.

## Amity Trims Morgantown

Amity High withstood a pesky last quarter rally by Morgantown last night to hang up a 41-35 Berks County league victory on the losers' court.

Lee East, Amity's energetic pivot man, canned four fielders and three fouls to take scoring honors for the winners with 11 points. Bob Fries led Morgantown with a dozen points.

Amity swept the bill by tossing off a 32-15 jayvee victory in the curtain-parting scrape.

**Lutz to Manage Bradford Team**

BRADFORD, Jan. 6 (AP)—The National league's Philadelphia Phillies announced tonight the appointment of Barney Lutz, 31, of Elmira, N. Y., as manager of their Bradford club in the class D Pony Baseball league.

Lutz succeeds Dan Carnevale of Buffalo, N. Y., who has been promoted to manager of Terre Haute, Ind., in the class B Three-Eye league. Carnevale gave Bradford its first pennant in organized baseball last season.

The new manager, who expects to play second base for Bradford, managed Carbonade (Pa.) of the class D North Atlantic league last year. He has been playing minor league baseball 14 years and never has dropped below the 300 mark in hitting.

**Houston, Buffalo Both May Join New Pro Football Loop**

DALLAS, Jan. 6 (AP)—Dallas and Houston both may have teams in the National-American professional football league next season.

Houston yesterday became an applicant through Glenn McCarthy, millionaire oilman, who said he planned to purchase the defunct Chicago Hornets. Today Edward T. Dicker, Dallas business man, requested a franchise.

The Hornets were not included in the merger of the National league and All-America conference recently because the National league already had two teams in Chicago—the Bears and Cardinals. McCarthy plans to move the Hornets to Houston if he obtains the franchise, using the new Rice institute stadium seating 70,000 for his games.

Dicker said he planned to meet Bert Bell, commissioner of the pro football league, next week in an effort to secure a local franchise in the circuit.

He said he and a group of associates are prepared to spend a "half million dollars" to bring pro football to Dallas.

Dicker added if a team is fielded it will be made up of Southwest conference players and that the coach would be "well known to Southwest conference football fans."

## Cubs Trounce Stewart 55-26 in First Start

Leaving no doubt as to their intentions, Pottstown's swashbuckling Junior Cubs buried Stewart Junior of Norristown under a 55-26 avalanche yesterday in Norristown. It was the opener for the Cubs, who played more like mid-season campaigners.

It took only four minutes for the local juniors to measure their task. From that point, Stewart, conqueror of Abington in its first tilt, was never in contention.

A breakdown of the timer's clock lengthened the first two quarters, and it showed in the Cub count. They rammed in 16 points in the opener, added a big 19 in the second heat, and led, 35-16, at intermission.

Coach Gene Kauler, whose Cubs hadn't toppled Stewart in half a decade, might have made it a real massaging.

But he took the merciful outlook, benched his masterful regulars for much of the second half, and gave a bunchful of 15 youngsters a full workout.

fast break and good slow break with some well-learned out of bounds plays to concert their choice reversal of history. They guarded like wet blankets, slowed Stewart's customary weave to a walk and seldom allowed more than one shot a trip, often none at all.

## Business School Bows, 62-40, to Allentown Five

Pottstown Business School tumbled to its second straight defeat at the hands of Allentown Business College last night on the YMCA boards, 62-40, in a game that was never close.

The local Business boys held their own in the second and third quarters, principally on the fine firing of Billy Missimer, but were down, 18-6, at the end of the first quarter and never could erase the edge.

The A-towners, led by Ed Bonhunick and Bill Sand, pulled away in earnest in the final chapter when they ripped the Y meshes for 20 points. They used ten men, and eight of them worked into the scoring column.

## FIRST AND LAST CLASH

## Doak, Choo Choo Bowl Foes Today

JACKSONVILLE, Fla., Jan. 6 (AP)—Doak Walker meets Charles Justice at football tomorrow.

These two great All-American backs head opposing teams of all-stars in the Senior Bowl game's debut. Justice said today it will be the last time he will play football, making this first meeting between the North Carolina and Southern Methodist stars their only one.

Supporting roles to Justice in the Rebel team's backfield will be in the capable hands of Travis Tidwell of Auburn, Eddie Price of Tulane, Chuck Hunsinger of Florida and Herb Rich of Vanderbilt.

Walker's college on the Yankee offense include Eddie LeBaron of the College of the Pacific, Paul Campbell and Ray Borneman of Texas, and Lynn Chandois of Michigan State.

Linemen every bit as great will clear the way for them. Tackle Wade Walker of Oklahoma and Center Clayton Tonnemacher of Minnesota—both All-America selections—anchor the Yankee wall.

The Rebel barrier includes End Art Weiner of North Carolina, Guard Jimmy Crawford of Mississippi and Tackle Lou Creekmur of William and Mary.

Because the Yankees, under Coach Bo McMillin of the Detroit Lions, have more name players they have been rated a touchdown favorite. But Coach Steve Owen of the New York Giants has his Rebels clicking smoothly.

It's an even game, they figure.

The forecast was for warm, cloudy weather but there was some doubt there would be anything like a sell-out for the 36,000 seats in the Gator Bowl. Predictions were that the crowd would be somewhere around 20,000—which was attendance at the Maryland-Missouri fracas here Jan. 2.

The winning team will get 60 percent of the gate and the losers 40 percent. But a tie would mean an even split of the net.

## Grimm Quits Cub VP Job to Pilot Dallas

CHICAGO, Jan. 6 (AP)—Charlie Grimm, twice manager of the Chicago Cubs, today quit his \$25,000-a-year "brief case" job as vice president of the club and accepted an offer to manage Dallas of the Texas League.

Grimm had accepted the Dallas job a few hours after submitting his resignation to owner P. K. Wrigley. Terms of the Dallas agreement will be settled at a later meeting with Dick Burnett, millionaire owner of the Texas club.

Grimm's resignation as Cub vice-president followed 20 years association with the club as an agile first baseman, field boss with three National League pennant triumphs and then as an executive.

Grimm first said he had no definite plans for the future, but later disclosed that he had agreed to take the Dallas job.

Thus, once the formalities are over, Grimm will become the highest-paid manager in minor league baseball.

Burnett figures he'll have to top Grimm's Cub salary to get him into Dallas. But the club owner says he's "ready and willing" to meet Grimm's demands.

It was reported that Burnett offered Grimm a contract, during the winter baseball meetings in New York, calling for a flat salary of \$25,000 annually plus a percentage of the gate receipts.

Dallas last season set a new Texas league attendance record of 404,000, and with Grimm as manager, Burnett figures it could be upped to 500,000 next season.

Grimm at a press conference in the office of Owner Wrigley, readily admitted that his swivel chair job gripped him. That was why he was ready, at 51, to return again to a minor league managerial post.

"These hands," solemnly declared Grimm, "were never meant to carry a brief case." With that, he waved the muscular mitts that scooped up many a peg to first in sensational plays and often strummed on his relaxing banjo.

Grimm, who came to the Cubs from the Pittsburgh Pirates in 1925, first took the club reins in August 1932. He then succeeded Rogers Hornsby and won a pennant that season. Grimm's first term covered seven seasons—five full campaigns and two part-time sojourns—until July 20, 1938, when he resigned under front office pressure.

In that span, Grimm also won the pennant in 1935, had two runners-up and was succeeded by Gabby Hartnett whose famous "light home run" clinched the 1938 pennant for the Cubs. Then followed two years of radio broadcasting. In 1941, Grimm signed as Cub coach under Jimmy Wilson but was released to become manager of Milwaukee in the American association.

The stay with the Brewers, working hand-in-glove with effervescent Bill Veeck, marked one of the most enjoyable eras in Grimm's baseball career.

Grimm went along with all of Veeck's gags to pull in Milwaukee fans. Besides playing banjo in Veeck's swing band and singing in the "Executive Quartet," Grimm bounced the Brewers from the cellar to the top of the heap in little more than a year.

## Boyertown Girls Trim Greenville

Three Boyertown girls hit the double column, while the other half of the Bearett's sextette held their foes from East Greenville to less than a score of points, as Boyertown High's fine cagers rolled over the defending champion Yellow Jackets, 63-19, in the Bears' lair. The Boyertown reserves made it a clean sweep of things, as they edged the Greenville seconds 29-21.

Interested grade schoolers are asked to report at the high school gym after 9 o'clock.

## Wake Forest Grid Stars Are Expelled

WAKE FOREST, N. C., Jan. 6 (AP)—Wake Forest college basketball players today after the sextet had been accused of cheating on pre-Christmas tests.

Three were expelled and three were placed on probation, but none will be eligible to play under the Gold and Black colors again, the Wake Forest student council announced.

Those expelled were All-Southern Guard Ray Cline of Ansonia, Conn.; Tackle Bill George of Morrisville, Pa.; and reserve tackle George Sniseak of Lansford, Pa., said a college spokesman.

Placed on probation were: All-Southern Halfback Bill Gregus of Toledo, O.; Bill Wilhiny, sub halfback from Ansonia, Conn., and Dick Medelot, sub guard from Bethlehem, Pa.

The six boys could not be reached immediately for comment, but friends said they all stoutly denied they had cheated. These friends also said the boys planned to appeal the action of the student council to the faculty executive committee.

All of the six had at least one more year of eligibility.

It was a staggering blow to the Deacon football team which had a disappointing season last fall after it had been touted in advance as one of the South's top grid powers. Coach D. C. (Peahead) Walker was out of town when the blow fell.

The expulsions and probations were announced at the college chapel program this morning by Lamar Caudle III, of Washington, D. C., student government president. Caudle, who did not identify the six, said the action was taken by the student council last night. The six later were identified by the college spokesman.

This spokesman said the alleged cheating occurred during tests taken just before Christmas and were not all on the same course. The student council investigation was delayed when college students went home for their holidays.

Under a recent change in student government rules, probation for the three players means they can remain at Wake Forest, but "they can never represent Wake Forest in any kind of activity while they are here nor can they hold any campus office," the spokesman said.

The three placed under probation could not be contacted immediately to learn if they planned to stay in school.

## Eagles Make Haul In Title Victory

PHILADELPHIA, Jan. 6 (AP)—Each member of the Philadelphia Eagles received \$1094.68 for defeating the Los Angeles Rams in the National Football league championship game last night.

The financial statement for the playoff game released today by Commissioner Bert Bell showed each member of the Rams received \$739.66.

The paid attendance was 27,980 and the gross receipts, including radio, were \$149,244.80.

The Philadelphia and Los Angeles clubs each received \$1166.15 as its share of the gate while \$2332.30 went to the league.

The Chicago Bears and Pittsburgh Steelers, second in their respective divisions, split a pool of \$7754.12 with \$100 going to each player.

## Sentimental Favorite

Ben Hogan, the sentimental favorite in the Los Angeles Open, certain raiser of the Winter golf circuit, rests on the practice tee after final warmup round. Still recovering from the effects of a near-fatal auto accident last February, Hogan uses folding chair to rest while playing.

## Hogan Fires 73 in First Comeback Round on Coast

LOS ANGELES, Jan. 6 (AP)—Golf's mechanical man came back into the championship picture today, a little rusty and a little crusty.

The little man was Ben Hogan, launching a comeback in top flight competition in the \$15,000 Los Angeles Open, and he was good enough to make a fight all the way through a long first round of 18 holes at the Riviera Country Club.

He had par whipped in a miraculous exhibition for nine holes, but he tired on the final nine and wound up with a creditable 73, two shots over par and five strokes back of the pace setter.

The leader after this first round was dark horse Ed Furgol of Royal Oaks, Mich., with a three under par 68 and a performance that in other years would have set the galleries buzzing.

But Furgol and the entire remainder were unknown players today. Ben Hogan, nearly killed in an auto-bus crash 11 months ago, had come back to golf.

No one in the gallery seemed to care what National Open champion Cary Middlecoff did, although he wound up tied at 73 with Hogan, Jimmy Demart, Jimmy Turnesa and several others.

Sam Snead was ignored as he toured around in 71 strokes, the same as Bob Hamilton, Otto Greiner, Jim Ferrier and other familiar names of the touring pros.

This was Hogan's day on Hogan's course—the same Riviera where he won the National Open in 1948, where he scored two of his three triumphs in this richest of the Winter golf tourneys.

Hogan wasn't quite the same Hogan. His irons cracked like a rifle in the sunshine. He appeared the same cool Hogan as ever but he was off on the greens.

And things that never bothered Hogan seemed to get to him this afternoon. There was the sound of a hammer, its dull, distant thud coming from a home construction high above the seventh green. That annoyed him.

An occasional airplane rumbled overhead. The old Hogan wouldn't have noticed. There was a voice in the stillness beside one tee. Hogan was disturbed, and then he pulled

## HILL COURTSTERS FAVORED OVER MEDIA HIGH TODAY

Coach Gustave Weber's veteran Hill School cage squad will be odds-on favorites to cop their second successive win of the season today when they meet Media High in a 3:15 court feature here.

The Blue-Gray team nipped a strong West Chester State Teachers college freshman team in its opening game in December.

Media has won five and lost one game this season in high school competition. Among its victims are Berwyn, Boothwyn and Nether Providence.

Hill will open with six-seven Jim Yonge at center, Dave Webster and Captain Paul West at guards and Tom Nixon with Ed Dailey in the forward slots.

## Free Concert Listed For Borough Pupils By Optimist Club

The Optimist club will sponsor a free concert by Jerard Jennings, six-year-old piano prodigy, for all Pottstown school children on Feb. 14, it was announced at a meeting of the group Thursday night.

A matinee performance in the Pottstown Senior High school auditorium at 3 o'clock, will be a prelude to the regular concert appearance of the youngster on Feb. 15. Admission will be charged for this concert.

Free tickets for his concert will be allotted to all Pottstown and parochial schools by the club.

A SON OF MR. and Mrs. J. J. Jennings, of Norwalk, Conn., Jerard was born in December, 1943. He started to talk when he was five and a half months old, and by the time he was two and a half, he could add, subtract, multiply and divide.

In addition, he was able to name all the U. S. presidents, name and spell the names of all states and their capitals, all foreign capitals, read all the first grade books, and play some 50 piano pieces.

His intelligence quotient has been placed in the genius class by educators and child psychologists.

JERARD READS music, has absolute pitch, and an extremely keen perception for sound. He can identify complicated chords by ear with his back turned to the piano.

In addition to piano, he plays the organ, solovox, the xylophone, and the drums. He can give both Hamlet's famous soliloquy and Lincoln's Gettysburg Address.

At his concerts, the youngster will play selections by Beethoven, Chopin, Brahms, Dvorak, Paderewski, Mozart, and Schubert, as well as selections by modern composers such as Cole Porter, Morton Gould, and A. Scarmolin.

His only piano teacher has been his mother, the former Frances Hayes, a one-time featured player in Broadway musicals.

## Royersford-Spring City

HARLEY B. BRANDRETH, Rep.

Phone 158 Third Avenue and Main Street, Royersford

### Efforts Being Made To Boost Collection Of Toys For Europe

Capt. Harris Buckwalter American Legion post, with the co-operation of Royersford churches, public schools and the public, is seeking to boost the total of toys for the "Tide of Toys" for underprivileged children of Europe.

To aid in the drive, which has been underway the past few weeks, the committee also plans to enlist the aid of the businessmen.

Persons desiring to help this cause can take their toys to the American Legion headquarters and put them on the front porch; or to Sutton's drug store, or notify members of the committee. New and used toys will be acceptable. No electrical toys or toys representing anything pertaining to war will be sent abroad.

The American Legion committee comprises G. Kenneth Smith, George Major, James C. Sutton and Edmund Hart, commander.

Planning to pack the toys Monday night, the American Legion committee will conduct a special drive today and Monday, in order to secure as many as possible in time for the extended deadline, Jan. 15.

Public school students were asked to bring toys yesterday. Students who plan to attend the "dangere" dance in the high school gym tonight, may bring toys there.

Members of the following churches have been asked to bring toys to church tomorrow morning: Grace Lutheran, Baptist, Methodist and Evangelical and Reformed.

### Swarleys to Be Honored On Wedding Anniversary

Mr. and Mrs. B. Frank Swarley, 130 North Fifth avenue, Royersford, will be guests of honor at a turkey dinner arranged by their children at their home tomorrow, in observance of the couple's 50th wedding anniversary, Wednesday.

Both 73 and enjoying good health, Mr. and Mrs. Swarley were born in Limerick and came to Royersford in 1940. Mrs. Swarley formerly was Cora Stealey.

The couple has four children living, Edith and Ethel, at home; Howard, Linfield, and Ernest, Spring City. A son, Clarence, U. S. Army, was killed in action in Germany in March, 1945.

### DAUGHTER BORN

A daughter was born Thursday to Mr. and Mrs. Ernest Calcione, Royersford, in Phoenixville hospital.

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH  
The Church is the greatest factor for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
